ARTICLE II. SCOPE OF GRANT AWARD

2.1 PROGRAM BACKGROUND

House Bill (H.B.) 1697, 85th Legislature, Regular Session, 2017 (Government Code, Chapter 541), directed HHSC to establish a Pediatric Tele-Connectivity Resource Program for Rural Texas. While funding was not appropriated to implement the legislation's grant program, the Health and Human Services Commission (HHSC) utilized existing resources to explore the potential benefits of telemedicine to support rural pediatric healthcare needs. HHSC invited stakeholders to participate in a workgroup to explore aspects of the bill requirements. As a result, a workgroup of over 30 stakeholders met regularly throughout the interim period to provide input for the development of the program.

Rider 94, of the 2020-2021 General Appropriations Act (House Bill 1, 86th Legislature, Regular Session, 2019, Article II, Special Provisions) appropriated the funds needed by HHSC to implement Chapter 541.

2.2 GRANT AWARD AND TERM

2.2.1 Available Funding

The total amount of state and federal funding available for the Pediatric Tele-Connectivity Resource Program of Rural Texas grant is **\$5,000,001.00**, of which \$2,500,001 is for fiscal year 2020 and \$2,500,000 is for fiscal year 2021. Any fiscal year 2020 funding not awarded prior to August 31, 2020 will be appropriated for fiscal year 2021 grants in accordance with HHSC Appropriations Rider 94. This RFA intends to establish an application process for awarding and distributing funds to eligible entities for the implementation and provision of pediatric telemedicine in non-urban healthcare facilities.

It is HHSC's intention to make multiple awards through this solicitation. Respondents' application packets will be evaluated and scored by a review panel of telemedicine subject matter experts appointed by HHSC using standard evaluation criteria listed in **Section 4.3.1**.

Funding will be awarded in three phases. Grant Recipients will receive 50% of the award upon full execution of an agreement or contract. An additional 25% of the grant amount will be awarded after an initial baseline report due at six months from the date of contract execution, and the final 25% of the grant amount will be awarded after the second progress report due 9 months from the date of grant execution. Grant Recipients must report and demonstrate progress to receive the second and third phases of funding. Grant Recipients must meet the requirements to receive advance payments under Section 21, Subpart C, of the Texas Uniform Grant Management Standards and must minimize the time between advance payments and disbursement of funds for eligible and allowable costs under this RFA.

4.4 FINAL SELECTION

HHSC intends on making multiple awards. After screening for eligibility, application completeness, and scoring of the elements listed above in **Section 4.3**, the review panel will determine which proposals should be awarded. Program team will make recommendations for awards to the HHSC Executive Commissioner, who will make the final award approval.

HHSC will make all final funding decisions based on eligibility, geographic distribution across the state, state priorities, reasonableness, availability of funding, and cost-effectiveness.

4.5 NEGOTIATION AND AWARD

The specific dollar amount awarded to each successful Applicant will depend upon the merit and scope, including disclosures, of the Application, the recommendation of the Review Panel, and the decision of the Executive Commissioner. Not all Applicants who are deemed eligible to receive funds are assured of receiving an award.

The negotiation phase will involve direct contact between the successful Respondent and HHSC representatives via phone and/or email. During negotiations, successful Applicants may expect:

- An in-depth discussion of the submitted proposal and budget; and
- Requests from HHSC for clarification or additional detail regarding submitted Application.

The final funding amount and the provisions of the Contract will be determined at the sole discretion of HHSC staff.

HHSC may announce tentative or apparent Grant Recipients once the Executive Commissioner has given approval to initiate negotiation and execute Contracts.

Any exceptions to the requirements, terms, conditions, or certifications in the RFA or attachments, addendums, or revisions to the RFA or General Provisions, sought by the Applicant must be specifically detailed in writing by the Applicant on Exhibit D, Exception Form in this proposal and submitted to HHSC for consideration. HHSC will accept or reject each proposed exception. HHSC will not consider exceptions submitted separately from the Applicant's proposal or at a later date.

HHSC will post to the [HHS Grants website](#) and may publicly announce a list of Applicants whose Applications are selected for final award. This posting does not constitute HHSC's agreement with all the terms of any Applicant's proposal and does not bind HHSC to enter into a Contract with any Applicant whose award is posted.

ARTICLE VIII. GENERAL TERMS AND CONDITIONS

8.1 GENERAL CONDITIONS

8.1.1 Costs Incurred

Respondents understand that issuance of this Solicitation in no way constitutes a commitment by any System Agency to award a contract or to pay any costs incurred by a Respondent in the preparation of a response to this Solicitation. The System Agency is not liable for any costs incurred by a Respondent prior to issuance of or entering into a formal agreement, contract, or purchase order. Costs of developing Solicitation Responses, preparing for or participating in oral presentations and site visits, or any other similar expenses incurred by a Respondent are entirely the responsibility of the Respondent, and will not be reimbursed in any manner by the State of Texas.

8.1.2 Contract Responsibility

The System Agency will look solely to Respondent for the performance of all contractual obligations that may result from an award based on this Solicitation. Respondent shall not be relieved of its obligations for any nonperformance by its contractors.

8.1.3 Public Information Act

Proposals and contracts are subject to the Texas Public Information Act (PIA), Texas Government Code Chapter 552, and may be disclosed to the public upon request. Other legal authority also requires System Agency to post contracts and proposals on its public website and to provide such information to the Legislative Budget Board for posting on its public website.

Under the PIA, certain information is protected from public release. If Respondent asserts that information provided in its Solicitation Response is exempt from disclosure under the PIA, Respondent must:

- a. Mark Original Proposal:
 1. Mark the Original Proposal, on the top of the front page, the words “CONTAINS CONFIDENTIAL INFORMATION” in large, bold, capitalized letters (the size of, or equivalent to, 12-point Times New Roman font or larger); and
 2. Identify, adjacent to each portion of the Solicitation Response that Respondent claims is exempt from public disclosure, the claimed exemption from disclosure (NOTE: no redactions are to be made in the Original Proposal);
- b. Certify in Original Proposal - Affirmations and Solicitation Acceptance (attached as **Exhibit A** to this Solicitation):

Certify, in the designated section of the Affirmations and Solicitation Acceptance, Respondent's confidential information assertion and the filing of its Public Information Act Copy; and

c. Submit Public Information Act Copy of Proposal:

Submit a separate "Public Information Act Copy" of the Original Proposal (in addition to the original and all copies otherwise required under the provisions of this Solicitation). The Public Information Act Copy must meet the following requirements:

1. The copy must be clearly marked as "Public Information Act Copy" on the front page in large, bold, capitalized letters (the size of, or equivalent to, 12-point Times New Roman font or larger);
2. Each portion Respondent claims is exempt from public disclosure must be redacted (blacked out); and
3. Respondent must identify, adjacent to each redaction, the claimed exemption from disclosure. Each identification provided as required in Subsection (c) of this section must be identical to those set forth in the Original Proposal as required in Subsection (a)(2), above. The only difference in required markings and information between the Original Proposal and the "Public Information Act Copy" of the proposal will be redactions - which can only be included in the "Public Information Act Copy." There must be no redactions in the Original Proposal.

By submitting a response to this Solicitation, Respondent agrees that, if Respondent does not mark the Original Proposal, provide the required certification in the Affirmations and Solicitation Acceptance, and submit the Public Information Act Copy, Respondent's proposal will be considered to be public information that may be released to the public in any manner including, but not limited to, in accordance with the Public Information Act, posted on the System Agency's public website, and posted on the Legislative Budget Board's public website.

If any or all Respondents submit partial, but not complete, information suggesting inclusion of confidential information and failure to comply with the requirements set forth in this section, System Agency, in its sole discretion and in any solicitation, reserves the right to (1) disqualify all Respondents that fail to fully comply with the requirements set forth in this section, or (2) to offer all Respondents that fail to fully comply with the requirements set forth in this section additional time to comply.

Respondent should not submit a Public Information Act Copy indicating that the entire proposal is exempt from disclosure. Merely making a blanket claim that the entire proposal is protected from disclosure because it contains any amount of confidential, proprietary, trade secret, or privileged information is not acceptable, and may make the entire proposal subject to release under the PIA.

Proposals should not be marked or asserted as copyrighted material. If Respondent asserts a copyright to any portion of its proposal, by submitting a proposal, Respondent agrees to reproduction and posting on public websites by the State of Texas, including the System Agency and all other state agencies, without cost or liability.

The System Agency will strictly adhere to the requirements of the PIA regarding the disclosure of public information. As a result, by participating in this solicitation process, Respondent acknowledges that all information, documentation, and other materials submitted in the proposal in response to this Solicitation may be subject to public disclosure under the PIA. The System Agency does not have authority to agree that any information submitted will not be subject to disclosure. Disclosure is governed by the PIA and by rulings of the Office of the Texas Attorney General. Respondents are advised to consult with their legal counsel concerning disclosure issues resulting from this process and to take precautions to safeguard trade secrets and proprietary or otherwise confidential information. The System Agency assumes no obligation or responsibility relating to the disclosure or nondisclosure of information submitted by Respondents.

For more information concerning the types of information that may be withheld under the PIA or questions about the PIA, please refer to the Public Information Act Handbook published by the Office of the Texas Attorney General or contact the attorney general's Open Government Hotline at (512) 478-OPEN (6736) or toll-free at (877) 673-6839 (877-OPEN TEX).
